PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of SUNAIR ELECTRONICS, INC. (the "Company"), of proxies to be used at the Annual Meeting of Stockholders of the Company, to be held on Monday, January 26, 2004 at 11:00 A.M., in the offices of the Company at 3005 S.W. Third Avenue, Fort Lauderdale, Florida, 33315, for the purposes set forth in the foregoing Notice.

As of the record date, December 5, 2003, there were issued and outstanding 3,777,770 shares of Common Stock. Only stockholders of record as of the close of business on such date will be entitled to notice of, and to vote at, the Annual Meeting. Proxies may be revoked at any time prior to the Annual Meeting by giving written notice of revocation to the Secretary of the Company, by giving a later dated proxy, or by attending the Annual Meeting and voting in person.

Brokers who hold shares in street name for customers have the authority under the rules of the various stock exchanges to vote on certain items when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote those shares with respect to Proposal 1 but cannot vote on Proposal 2 at the Annual Meeting. Shares for which brokers have not received instructions, and therefore are not voted with respect to a certain proposal are referred to as "broker non-votes."

Under Florida law and our Articles of Incorporation, the presence in person or by proxy of stockholders entitled to cast a majority of all votes entitled to be cast on the matter and the Annual Meeting constitutes a quorum. A share that is represented "for any purpose" is deemed present for quorum purposes. Therefore, abstentions and broker non-votes will count for purposes of determining if there is a quorum present at the Annual Meeting, will have no effect on Proposal 1 and will count as no votes for Proposal 2.

This proxy material was first mailed to stockholders on or about January 5, 2004 together with a copy of the Annual Report of the Company for the fiscal year ended September 30, 2003. The Company will file with the Securities and Exchange Commission a report on Form 10-KSB for such fiscal year, a copy of which (including financial statements and schedules thereto) will be provided without charge to any stockholder upon written request, addressed to the Secretary of the Company at the address above. If a shareholder requests copies of any exhibits of such Form 10-KSB filing, the Company may require the payment of a fee covering its reasonable expenses in furnishing such exhibits.

OTHER INFORMATION CONCERNING THE BOARD OF DIRECTORS

Audit Committee

Members: Messrs. Earl M. Anderson, Jr. and George F. Arata, Jr. , both of whom are independent within the meaning of the AMEX rules. Messrs Anderson and Arata and not standing for election at the Annual Meeting.

The Audit Committee is the sole functioning committee of the Board of Directors. It assists the Board in monitoring the integrity of the Company's financial statements and compliance with requirements as set forth in the Statement of Auditing Standards. Its responsibilities include the maintenance of free and open communications among the Directors, the Independent Auditors and financial management of the Company.

In late 1999, the American Stock Exchange (on which the Company's Common Stock is listed) ("AMEX") amended its Independent Director and Audit Committee listing standard. In response to these amendments, the Company's Audit Committee and Board of Directors formally adopted an Audit Committee Charter in May, 2000. The Charter establishes the qualifications, policies and responsibilities of the Audit Committee and its members.

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. In fulfilling its responsibilities, the Audit Committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1, and the Audit Committee discussed with the independent auditors that firm's independence.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management and the report and letter of the independent auditors provided to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended September 30, 2003 for filing with the Securities and Exchange Commission.

Respectfully Submitted:

Earl M. Anderson, Jr.
George F. Arata, Jr.

Communications with the Board of Directors

The Board provides a process for stockholders to send communications to the Board or any of the Directors. Stockholders may send written communications to the Board or any the Directors c/o Secretary, Sunair Electronics, Inc., 3005 S.W. Third Avenue, Fort Lauderdale, Florida 33315. All communications will be compiled by the Secretary of the Company and submitted to the Board or the individual Directors on a periodic basis. It is the Company's policy that the Directors who are up for election at the Annual Meeting attend the Annual Meeting. All of the nominees up for election at the 2002 Annual Meeting of Stockholders attended the 2002 Annual Meeting of Stockholders.

Nominating Process

The Company does not have a standing nominating committee or committee performing similar functions because the Company believes that as a small business issuer, it is not necessary to have a separate nominating committee. Rather, the full Board of Directors participates in the consideration of director nominees. In addition, because Mr. Herman owns a majority of the Company's Common Stock, the Company is not required under the Rules of the AMEX to have a separate nominating committee. At this time the Board does not have a policy with regard to the consideration of any director candidates recommended by stockholders because historically the Company has not received recommendations from its stockholders and the costs of establishing and maintaining procedures for the consideration of stockholder nominations would be overly burdensome.

In making its nominations, the Board identifies candidates who meet the current challenges and needs of the Board. In determining whether it is appropriate to add or remove individuals, the Board will consider issues of judgment, diversity, age, skills, background and experience. In making such decisions, the Board considers, among other things, an individual's business experience, industry experience, financial background and experiences. The Board uses multiple sources for identifying and evaluating nominees for Directors including referrals from current Directors and input from third party executive search firms.

Mr. Herman was appointed to the Board following his acquisition of 52.8% of the Company's Common Stock pursuant to a stock purchase agreement entered into on August 14, 2003 and completed November 6, 2003. Mr. Heggstad was appointed to the Board on March 11, 2003 based on the recommendation of Mr. Arata. Messrs. Leheney and Oppenheim are being nominated for election to the Board for the first time based on the recommendation of Mr. Herman.

DIRECTORS' COMPENSATION

Directors who are not full-time employees of the Company were paid an annual retainer in 2003 of \$5,000 and an attendance fee of \$1,000 for each meeting of the Company's Board, plus travel expenses incurred in connection therewith. The Audit Committee consisted of two non-management Board members, who were paid \$1,000 each for a committee meeting. At the Board meeting of November 25, 2003, the Board unanimously approved an increase in the annual retainer from \$5,000 to \$20,000, payable quarterly, continuation of the \$1,000 fee for attendance at meetings of the Board and committees of the Board, and a fee of \$500 for Director's participation in Board and committee meetings held telephonically. Directors who are full-time employees of the Company are not paid any fees or additional remuneration for services as members of the Board or any committee thereof.

ATTENDANCE AT BOARD AND COMMITTEE MEETINGS

DATE FOR RECEIPT OF STOCKHOLDERS' PROPOSALS

The deadline by which stockholder proposals must be submitted for consideration at the January, 2005 Annual Meeting of Stockholders is September 1, 2004, under the rules of the Securities and Exchange Commission. Additionally, the Company must have notice of any stockholder proposal to be submitted at the January, 2005 Annual Meeting (but not required to be included in the Company's proxy statement for that meeting) by November 21, 2004, or such proposal will be considered untimely pursuant to Rule 14a-5(e) under the Securities Exchange Act and persons named in the proxies solicited by management may exercise discretionary voting authority with respect to such proposal.

Option Exercises and Values for Fiscal 2003

The following table sets forth, with respect to each of the Named Executive Officers, the number of share options exercised and the dollar value realized from those exercises during the 2003 fiscal year and the total number and aggregate dollar value of exercisable and non-exercisable stock options held on September 30, 2003.

Name	Shares Acquired on Exercise	Value Realized	Number of Securities Underlying Unexercised Options at Fiscal Year-End (#)		Value of Unexercised In-the-Money Options at Fiscal Year-End \$(1)

Henry A. Budde	500	\$1,305	49,500	0	93,555	—

(1) In accordance with the rules of the Securities and Exchange Commission, values are calculated by subtracting the exercise price from the fair market value of the underlying Common Stock. For purposes of the last column of this table, fair market value is deemed to be \$4.14 per share, the closing price of the Common Stock reported for the AMEX on September 30, 2003, the last trading day of the fiscal year.

Stock Options. The Company has a non-qualified stock option plan for key employees and has reserved 400,000 shares of the Company's Common Stock for issuance under the plan at an exercise price to be determined at time of grant. Options to purchase 270,000 shares at \$2.25 per share have been issued to key employees of the Company. During the fiscal year ended September 30, 2003, 45,600 stock options were exercised and 122,050 were exercisable at September 30, 2003.

PROPOSED INCREASE IN AUTHORIZED NUMBER OF SHARES

The Board of Directors proposes that the Articles of Incorporation of the Company be amended to provide that the aggregate number of shares of Common Stock, par value \$.10, that the Company is authorized to issue be increased from 6,000,000 shares to 25,000,000 shares, and the aggregate number of shares of Preferred Stock, no par value, that the Company is authorized to issue be increased from 500,000 shares to 2,000,000 shares. The full text of this proposed amendment is attached to this proxy statement as Annex 1.

Purpose of the Increase in Authorized Shares

Of the 6,000,000 shares of Common Stock presently authorized for issuance, approximately 1,907,430 shares are unissued and unreserved. On the record date, the Company had 3,777,770 shares of Common Stock issued and outstanding and 314,800 shares reserved for issuance under the Company's non-qualified stock option plan for key employees. There are no shares of Preferred Stock outstanding.

The Board of Directors believes that it is in the Company's best interests to have the flexibility to issue additional shares of Common Stock or Preferred Stock, or securities convertible into Common Stock or Preferred Stock, as needs may arise without further stockholder action, unless required by applicable law, regulation, listing requirements or the articles of incorporation. The Company has no agreements, understandings or plans for the issuance or use of the additional shares of Common Stock or Preferred Stock proposed to be authorized. The availability of additional shares will enhance the Company's flexibility in connection with possible future actions, such as corporate mergers, stock dividends, stock splits, financings and other corporate purposes. The Board of Directors will decide whether, when and on what terms the issuance of shares of Common Stock or Preferred Stock may be appropriate in connection with any of the foregoing purposes, without the expense and delay of a special meeting of stockholders.

The issuance of additional shares of Common Stock may, among other things, have a dilutive effect on earnings per share, and on stockholders' equity and voting rights. The issuance of additional shares, or the perception that additional shares may be issued, may also adversely affect the market price of the Company's Common Stock. Holders of the Company's Common Stock have no preemptive rights.

The Board of Directors of the Company is authorized, without further stockholder action, to divide any or all shares of the authorized Preferred Stock into series and fix and determine the designations, preferences and relative rights and qualifications, limitations or restrictions thereon of any series so established, including voting powers, dividend rights, liquidation preferences, redemption rights and conversion privileges. The issuance of Preferred Stock with voting rights or conversion rights may adversely affect the voting power of the Common Stock, including the loss of voting control to others.

The availability for issuance of additional shares of Common Stock or Preferred Stock also could have the effect of rendering more difficult or discouraging an attempt to obtain control of the Company. For example, the issuance of shares of Common Stock or Preferred Stock (within the limits imposed by applicable law and the rules of any exchange upon which the Common Stock may be listed) in a public or private sale, merger or similar transaction would increase the number of outstanding shares, thereby

possibly diluting the interest of a party attempting to obtain control of the Company. The issuance of additional shares of Common Stock or Preferred Stock could also be used to render more difficult a merger or similar transaction even if it appears to be desirable to a majority of stockholders. We are not aware of any efforts to obtain control of the Company.

In sum, the Board believes that the increase in authorized shares will enhance the Company's flexibility to satisfy its future financing and capitalization needs.

The Board of Directors may approve the issuance of additional shares of Common Stock only if the action is permissible under Florida law and the AMEX rules. For example, if the Company's Board of Directors were to approve the issuance of Common Stock, which resulted in an increase of 20% or more in the number of shares of Common Stock outstanding, the AMEX rules would require stockholder approval.

Vote Required

The affirmative vote of the holders of not less than a majority of the Company's outstanding shares of Common Stock is required for approval of the amendment increasing the Company's authorized shares of Common Stock to 25,000,000 shares and the Company's Preferred Stock to 2,000,000 shares. Broker non-votes and abstentions will have the same effect as no votes.

Recommendation of the Board of Directors

The members of the Company's Board of Directors recommend that you vote "FOR" the approval of proposal 2.

INDEPENDENT ACCOUNTANTS

The firm of Berenfeld, Spritzer, Schechter & Sheer was designated by the Board of Directors to audit the financial statements of the Company and its subsidiary for the fiscal year ended September 30, 2003. The firm and its predecessor, Puritz & Weintraub, has been the Company's independent accountant since 1985.

Representatives of Berenfeld, Spritzer, Schechter & Sheer are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Audit Fees

Fees for audit services rendered in connection with the fiscal year ended September 30, 2003 were approximately \$38,500, including fees associated with the annual audit, the reviews of the quarterly reports on Form 10-QSB, statutory audits, fees related to filings with the Securities and Exchange Commission and consultations on accounting issues and the application of new accounting pronouncements.
